Message from the chef...

At Stone Ridge Golf Club, delicious food is the centerpiece of every wedding reception we host. Our catering team specializes in a variety of presentation styles such as buffets and plated dinners. We also create personalized menus featuring traditional American fare, and we can create customized dining plans to suit your guests' palates and individual tastes. If you have guests who have food allergies or food sensitivities, we can also create unique menus that are allergen-free and delectable on separate dining stations so that everyone can enjoy the culinary festivities.

“Everyone at Stone Ridge did an AMAZING job! My husband and I can’t stop talking about how perfect our day was. We would do it over and over again if we could!”
